		Time Aged	17 months

VINEYARD NOTES

Oregon	High Acres Vineyard Site Elevation: 272 - 453 feet Varietal: Pinot Meunier
Willamette Valley	
Van Duzer Corridor	
Left Coast	Tucked away at the corner of the Estate, High Acres is the youngest vineyard at Left Coast and the only to contain volcanic soils. During the great Missoula floods tremendous floodwaters inundated the Willamette Valley and brought the river level over the 400 feet elevation mark. High Acres would have been a small island in the center of the valley.
